EX LIBRIS

We, the Seniors of '40, dedicate this issue of the Hi-Light to our FATHERS and MOTHERS, who worked so faithfully and patiently, that we might have a High School Education.

We love them for the sacrifices they have made for us.

Love,

Seniors of '40

ST. PAUL HIGH SCHOOL

St. Paul High School, erected in 1922 at a cost of sixty thousand dollars, is pictured above. Throughout the years additional improvements have been made.

Our library, rated as one of the best in Southwest Virginia, was recently built at a cost of two thousand dollars. This library consists of twenty-five hundred books. It is furnished with reading tables, chairs, properly arranged shelves upon which are displayed the trophies of our school, and polished hardwood floors.

Soon, after many years of hard work and persuasion, a new gymnasium is to be built, costing twenty-thousand dollars. It is hoped that next year this new building can be pictured with the school building.
